

Tech Connection Challenge: 10 Fun Ways to Bond

- Video Call Fun** - Use silly filters, read a bedtime story, or have a virtual tea party.
- Game Night Online** - Play a simple game together, like tic-tac-toe, memory match, or an easy mobile game.
- Memory Sharing** - Show them old family photos or create a shared digital album.
- Voice Message Fun** - Send short, fun recordings like a joke or 'Guess what I ate for breakfast?'
- Digital Art Collab** - Draw together using a kid-friendly drawing app.
- Emoji Conversations** - Have an entire conversation using only emojis via text!
- Silly Face-Off** - Compete to see who can make the funniest face using video call filters.
- AI Exploration** - Use a safe AI art generator to create wacky pictures together.
- Music Time** - Listen to their favorite song and share one from your era!
- Dance Break!** - Try a 15-second dance on video together - bonus points for crazy moves!

Digital Treasure Hunt

- Find something in your room that makes you happy and show it on video chat.
- Take a picture of something blue and send it!
- Send a voice message saying your favorite silly word!
- Draw a picture on a digital drawing app and send it.
- Find a funny GIF and share it.
- Show your favorite stuffed animal and say its name!
- Find something shaped like a circle and take a picture of it.
- Use an emoji to describe how you're feeling today!

Tech Bucket List

- Make a silly face filter video together.
- Play a game online (even if you're terrible at it).
- Create a digital scrapbook of favorite family moments.
- Watch a funny video or meme together.
- Send each other random emojis throughout the day.
- Learn a new app together - let them teach you.
- Start a shared playlist and add songs for each other.
- Record a special message for each other to save.
- Share a "Throwback Thursday" photo with a story behind it.
- Call them unexpectedly and see if they answer.

Quick Guide to Popular Apps

- Facetime / Zoom / WhatsApp** - Video calling for chatting, reading stories, and playing games.
- Roblox / Minecraft / Fortnite** - Let your grandkids teach you how to play!
- Google Photos / Shared Albums** - A great way to exchange family photos.
- Doodle Buddy, Scribblify, Procreate for Kids** - Create and send digital art.
- Spotify / YouTube Music / YouTube Kids** - Make a fun playlist together.
- AI & Fun Tech (Canva, AI Art, ToonMe)** - Try making funny AI pictures together.
- Filters & AR Apps (Snapchat, Instagram, TikTok)** - Explore filters, effects, and fun video challenges with them.
- Discord (For Older Kids & Gamers)** - Some kids use Discord to chat while gaming.

Want to Make It Even More Fun?

Try setting a weekly tech date where you pick one of these activities to do together. The more you engage, the stronger your bond - even from a distance.
